

About Human Security

Mutanen, Arto
Adjunct professor,
Finnish National Defence University
Researcher, Finnish Naval Academy

*Security.
Objective and
subjective security.
Safety.*

**In military pedagogy
we have to ask future
oriented questions about
soldiership**

**What is happening or about to
happen: practical reason and
theoretical reason have to be
unified**

**Action competence refers to
orientation of activity**

**The methods of identification
refer to our capability to
determine the identity of
entities in different kinds of
situations**

**Physical (factual) methods of
identification**

**Perspectival (subject-centered)
methods of identification**
