## Welcome to ACCJC

The Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges (ACCJC) accredits community colleges and other associate degree granting institutions in the [Western region of the U.S.](#) The ACCJC is one of seven regional accrediting commissions. The ACCJC is authorized to operate by the U.S. Department of Education through the Higher Education Opportunity Act of 2008.

Accreditation is a voluntary system of self regulation developed to evaluate overall educational quality and institutional effectiveness (The Commission's complete Purpose Statement is available in Article I, section 2 of its [Bylaws](#)). The ACCJC accreditation process provides assurance to the public that the accredited member colleges meet the Standards; the education earned at the institutions is of value to the student who earned it; and employers, trade or profession-related licensing agencies, and other colleges and universities can accept a student's credential as legitimate.

## COMMENT INVITED

Comment on first reading revisions to Eligibility Requirements and Standards approved by the Commission in January 2014 is invited through April 30, 2014. The revisions are based upon input received during the Review of Accreditation Standards and Practices that began November 2011. The cover memorandum below provides more information about the review process and summarizes changes made to the Accreditation Standards.

# Advantages

- \* We can use existing personnel (no programmer)
- \* Documents available “decades” from 2012
- \* Information on referenced web pages would not be lost when captured as PDFs
- \* Text and keyword search
- \* Hosted by our own parent institution
- \* Integrated with the university’s Lightweight Directory Access Protocol (ldap)
- \* Strong developer community
- \* Large global install base among prestigious universities
- \* Keep, for the record, the 2010-2012 commission rules for the report

# CHALLENGES

- \* User familiarity with IT
- \* Filename inconsistency
- \* Report and evidence documents frequently updated
- \* Reformatting evidence documents
- \* Occasional need to delete item
- \* Occasional need to change out bitstream

# CHALLENGES

- \* Firewall slowed downloads. Size limit @ 25MB, then firewall reconfigured.
- \* Problems converting to PDF/A
- \* One website did not convert well to PDF (Adobe Flash)
- \* Display differences among browsers
- \* In 2013, Adobe Acrobat's "/page=##" notation did not work as well as in 2012.

- \* Used Sakai to display hundreds of reports presented “en masse” in public folders.
- \* Links in PDF-captured websites still worked. (but will not work in decades)
